Pit Crews in Car Racing
You may only see the car and the driver during most car races, but there is a team behind the driver. This team is called a pit crew. A pit is a place on the side of the race track, and drivers stop there several times during a race. The main job of the pit crew is to check the car and change the tires. Changing the tires is especially important because the tires wear out easily in a high speed race.
A pit stop can be as short as 2 seconds, and there are as many as 20 members on a crew. Therefore, the pit crew has to work in perfect harmony. The driver may get all the attention, but as people say, "Races are won in the pits."

7. 윗글에 근거한 설명으로 적절한 것만을 〈보기〉에서 고른 것은?

〈 보기 〉
ⓐ Tire changes matter because fast racing can wear tires out quickly.
ⓑ Two seconds is presented as the maximum length of a pit stop.
ⓒ Many members may need to cooperate within a very short stop.
ⓓ The driver's visibility does not measure the crew's contribution.
ⓔ Perfect harmony is needed mainly to give crew members equal public attention.

Sherpas in Mountain Climbing
The word Sherpa comes from the Sherpa tribe, which lives in the eastern part of Nepal. Sherpas have good climbing skills and know their way around the mountains well. They also have little difficulty breathing high up in the mountains. Therefore, mountain climbers started to hire Sherpas to help them climb Mount Everest.
Sherpas lead mountain climbers to the top of the mountain. They support climbers in many ways. For example, they put up tents and carry climbers' bags. Sherpas are often called the invisible people of Mount Everest because people often see a picture of only the climbers at the top of the mountain.

10. 다음 글의 shooting assistants의 역할을 가장 정확히 이해한 것은?

In the Paralympics, blind players can play in a football game. Since blind players cannot see where the goal posts are, shooting assistants help them shoot the ball. The shooting assistants shout out directions to the blind players.

① They replace the visual information that players lack by choosing each shot's result.
② They transfer the players' task to themselves whenever the goal cannot be seen.
③ They let players find the goal by describing what has happened after the shot.
④ They remove the need for players to decide how to respond to directions.
⑤ They supply a missing kind of information without taking over the players' action.
