Pacers in a Marathon
Pacers run with other runners and ⓐlead them in a marathon. Pacers are experienced runners, and their job is to help other runners ⓑmanage their race better. There can be several pacers in a race.
Each pacer runs at different speeds and ⓒfinishes the race in different times. Pacers usually ⓓhas their finish time shown on flags or balloons.
Runners can choose a pacer depending on their target finish time. For example, if a runner wants to finish the race in four hours, the runner will follow the four-hour pacer. Since the pacer keeps track of the time, the runner can achieve his or her goal of finishing the marathon in a particular time more ⓔeasily. In short, pacers run but they don't run to win.
